

Rico Woods

MASSAGE THERAPY
GRADUATION DATE: JUNE 2010

Rico chose Massage Therapy because it was something he always had a passion for. He chose to go to Antonelli College because it is a small school and they have the best Massage Therapy program and teachers.

"Because I had held off going to school for so long, my proudest moment was when I sat down in my first class," said Rico. Other memorable moments were being selected Most Outstanding Student, Massage Student of the Quarter and Most Professional Student. During his time at Antonelli College, he also volunteered at a local animal shelter as well as doing chair massages at local events.

Rico is currently working at At Home Massage Therapy as a massage therapist.
